

TRINITY BIOTECH

REINFORCED BITUMEN MEMBRANE WATERPROOFING

Trinity Biotech was founded in 1992 and specialises in the development, manufacture and marketing of clinical diagnostic products. The company has facilities spanning throughout Europe and America. In 2004, Trinity Biotech built their headquarters and central manufacturing site in Bray, Ireland. The eye-catching building features an impressive glass frontage giving a clean façade.

The Bauder Total Roof System was incorporated to top off this stunning building with a hard landscaped finish comprising paving slabs.
