

## BAUDER GREEN SUSTAINABLE VENUE

THE PINES CALYX, ST. MARGARET'S BAY, KENT

Set within six acres of organically managed Pine Gardens, The Pines Calyx is a two domed sustainable conference centre situated on the cliff tops of Dover which utilises a Bauder Extensive Green Roof to blend with its surrounding landscape.

*"The green roof on the Pines Calyx was the central part of the design for this exemplar ecological building, providing a compelling range of environmental, aesthetic and financial benefits. In particular, by applying the green roof system the building blends in within its surroundings, supports biodiversity, reduces rainwater run-off and assists with the thermal insulation of the building."*

**Alistair Gould, CEnv, MRICS, Pines Calyx Project Director**

**NATIONAL ROOFING AWARDS 2008 FLAT ROOFING ALLIANCE  
BEST NEW BUILD GREEN ROOF – COMMENDED**

*"Appropriate and effective solution to the roofing for a unique and special building where the roofing was designed to fit on a terracotta roof dome foundation"*

**Client:** The Bay Trust  
**Specifier:** Conker Conservation Limited  
**Approved Contractor:** Accurate Roofing  
**Roofing System:** Bauder Intensive Green Roof System
