## Environmental Policy Statement 2025

Bauder Limited, as an ISO UKAS 14001:2015 certified Company, is committed to reducing the impact of its activities on the environment and assisting our suppliers, approved contractors and customers by encouraging them to use sustainable resources where reasonably practicable.

Bauder has implemented an environmental management system to integrate the assessment, supervision and control of environmental issues to continuously improve its environmental performance.

To ensure compliance with all applicable environmental legislation and regulations, including Codes of Practice and other requirements relating to site installations;

- Where reasonably practicable reduce emissions and prevent pollution;
- To improve waste management practices in our own activities;
- Where reasonably practicable consider reduction of consumption of natural resources;
- To minimise noise and other nuisances;
- To assist in the management of ecology especially in all green roof installations;
- To assess its environmental performance and aspects and impacts;
- To assist in the investigation of environmental incidents;
- To ensure the potential impact on climate change is considered throughout its operations

The necessary personnel and financial resources will be allocated to assist the Organisation in meeting its environmental objectives and targets that will be reviewed as appropriate.

In addition, the Organisation will continue to raise levels of environmental awareness throughout its workforce and to promote this awareness to its approved contractors, customers and suppliers.

This policy will be available within Bauder employee areas of the business to view and will be on Bauder website for interested parties to view.

The Organisation is committed to operating its Environmental Management System in a manner that attains and sustains compliance to the international Environmental Management Standard ISO 14001:2015.

The Policy will be reviewed periodically
