Product storage guidance

The products must not be exposed to a direct naked flame, or to solvents or other chemicals. Ensure the product(s) are clear of buildings and any other storage areas. Where there are storage containers on site, these may be suitable for storing products.

Pallet size

Various quantities on pallet

Packaging material

The product will be delivered on wooden pallets with plastic overwrap to protect the product.

Handling/PPE

All persons using the product should be fully aware of the manual handling methods as roofing materials are heavy and can cause serious injury. When using/handling the product, installers should be provided with, and wear, suitable personal protective equipment.

Shelf life

When stored correctly, the product has no stated shelf life.

Disposal guidance

Waste of the product is not a hazardous substance and can be recycled.

Recycled Content

varies
