Information about how your data is used and the basis for processing your data is provided in our Job Applicant Privacy Notice, this is published to our website within the Careers Section <https://www.bauder.co.uk/about-us/careers/current-vacancies> or available upon request from the HR Department.

Introduction, about us:

Bauder is a leading international manufacturer of building construction materials. We provide our clients with a complete technical roofing solution and package from inception to completion, to meet their every requirement. Our service is centered upon our dedication to provide a waterproofing system that fully understands all the individual issues of any project and fully responds to the needs of the client.

Our flat roof systems are designed to provide a high quality, single source solution for every application and client need. Whether green roofing to bitumen membrane, and from hot melt to cold liquid applied, right through to BauderSOLAR PV panels, giving energy for sustainability.

Bauder flat roofs represent an industry leading commitment to deliver technologically advanced roofing products, which meet the diverse needs of the roofing industry in terms of budget, performance and function of the highest quality. The Bauder name synonymous for quality, design and service.

Our people focused culture originates from a strong family ethos and the belief that our success is determined through our people, who are at the very heart of what we do. We place great attention to detail on recruiting the right person, team fit is as important to us as skillset and people join us for a career and not just a job. We have fun whilst we work and reward, recognise and develop the capabilities of our people. The commitment from all our people undoubtedly drives the high levels of business performance and success enjoyed today.

'you work with friends not colleagues' (Area Technical Sales Manager)
'the Company really looks after you as a person' (Technical Administrator)
'there is a strong commitment to employees and sense of trust and fairness' (Manager)

Would you like to be part of an extremely successful, team spirited business, with a motivated people driven culture? A business which focuses upon building your career, supporting and encouraging your development and fostering autonomy, ownership and accountability. We offer a highly competitive remuneration package and lifecycle of benefits, designed to protect you and your family. Our accolades validate our employer credentials, we are the first in our sector to be awarded the prestigious Investors in People Platinum award and are proud to be one of only 78 Platinum accredited organisations in the UK.

Objective:

Working closely with the regional sales team, the role will oversee site installation monitoring, across all Bauder systems, to uphold the highest standard of workmanship, throughout the denoted region. The role will ensure the Company's liability to guarantee is not compromised whilst upholding the Company's reputation of service, trust and quality. The Site Technician will be instrumental in building and fostering relationships within the approved contractor network within the region delivering hands-on training for Approved Contractor Operatives. The role will maximise co-operation between the businesses and capitalise on future opportunities.

Responsibilities/duties:

- Responsibility for carrying out site inspections for multiple projects within the designated region.
- Training of Approved Contractor operatives, ensuring the content of the training and quality of delivery are to the highest possible standard.
- Complete detailed inspection reports following site visits within the designated region.
- Acting as intermediary to assist the team and the contractor with issues to site.
- Project tracking and time planning to maximise efficiency.
- Communicating with relevant parties to ensure complex and/or high value projects within the designated region are managed appropriately.
- Communicating regularly with sales personnel and internal departments to ensure issues concerning sites, contractors etc. are shared and dealt with effectively and efficiently.

Key Criteria:

- In depth knowledge and practical hands on experience in the installation of a variety of flat roofing systems; specifically, Bitumen and Single Ply.
- A good understanding of construction, from both a technical and commercial aspect.
- Experienced in delivery of Training - Train the Trainer qualification advantageous
- Health and Safety awareness (CSCS Card).
- Professional, friendly and resourceful approach with outgoing personality and strength of character.
- Sound organisational and administrative abilities.
- Initiative led, driven and motivated.
- Computer literacy to an intermediate Microsoft level of competency.
- Sound communication skills, both written and verbal mediums.
